HIGH STYLE: TABLES

With its fluid and sleek contours, a High Style table is a seductive masterpiece. Round or rectangular, express your good taste by choosing from more than 40 colors and a variety of legs and bases. You may take refinement to the next level with a curly birch tabletop, a natural wood characteristic that will make your furniture as unique as you.

A wooden coffee table with a curly birch top and simple legs is shown in a living room. The room features a white brick fireplace with logs inside, a white brick wall, and a white tiled floor. A large, diagonal wooden beam is visible in the foreground, partially obscuring the table. The lighting is bright, creating shadows on the wall and floor.

AT CANADEL

We are proud to be a family business that puts its experience and values to work in manufacturing high quality furniture.

We have always considered wood to be a noble material, and the respect we feel for it is reflected in the quality of all our finished products. Assembled and finished by hand, our products are manufactured exclusively in North America. Our wood is selected with the greatest respect for the environment. The passion that drives us is reflected in furniture that meets the highest industry standards.

With more than 25 years of experience in manufacturing custom dining room furniture, Canadel's vision remains the same: To provide personalized products that are tailored to our customers' specific needs.

Inspired by you, made for you.

Accept our warmest regards,

The Canadel Family

WARRANTY

Our reputation for quality has been an important part of our success, and our commitment to stand behind our products is unsurpassed. Canadel warrants its materials and workmanship for a period of one year following the date of delivery to the retailer. If a defect appears within this time, we will take the following steps to correct it.

If a manufacturer's defect does exist, it will be repaired. If it is impossible to repair, Canadel will replace the product with merchandise of equal type and quality. You will not be charged for any repair or replacement of furniture due to a manufacturer's defect.

MAINTENANCE

To protect your furniture, we use catalyzed finish coatings, which are synthetic lacquers modified with nitrocellulose. This combination provides a finish that is highly resistant to marking and staining. Maintenance is easy – a damp cloth is all you need.

ECO-FRIENDLY: MORE THAN A SLOGAN

As an eco-friendly company, we have been working relentlessly for many years to efficiently improve the environment. By working with local suppliers we're able to cut down on transport times thereby reducing our carbon footprint. Nature is truly respected all throughout the production process. For this reason our paints, lacquers and solvents are recycled to limit as much as possible any negative impact on the environment. Finally, all cardboard packaging is made with recycled fibers which helps preserve nature itself.
